

**Hans-Wolfgang Kunz**

Giesecke & Devrient  
Member of the Board

**Speech:**

**“Security of digital Documents”**

**Wednesday, January 30th, 10:20-10:45**

**Curriculum vitae**

Hans Wolfgang Kunz is Member of the Management Board of Giesecke & Devrient GmbH, Munich, Germany. He has served on the Management Board since 1996 as head of the Currency Automation and Services Business Unit in the organization's Banknote Segment. Since January 1, 2006, he is in charge of the newly established Business Unit “Government Solutions”, which devises security-related solutions for passport and visa systems as well as ID and health care cards for national governments and their agencies.

Hans Wolfgang Kunz holds a degree in Economics from the University of Munich. He began his professional career in 1979 as Assistant to the Management of the Georg Westermann publishing house in Brunswick. In 1982 he joined the sales division of Giesecke & Devrient Group in Munich. Shortly afterwards he became Sales Executive for the Banknote Processing Systems product group. Since 1988 he was Director of the Sales Department for Banknote Processing Systems and in 1993 he took over as Vice President for Sales and Marketing in the Currency Automation and Services Business Unit.
