

Andreas Reisen

Federal Ministry of the Interior
Head of Biometrics, Travel and ID Documents,
Registration Division

Panel Session:

**“Digital Europe: Identification Systems
RFID, Biometrics, Identification-Systems”**

Tuesday, January 29th, 11:30-13:30

Curriculum vitae

Mr. Reisen's responsibilities include the Federal biometrics strategy, the government's e-card strategy and current projects as the introduction of e-passports and electronic ID cards. Against this background, Mr. Reisen is member of the Standing Committee of the International Forum for Travel Documents. The reorganization of the German registration, which became subject of Federal regulation in 2006, is also among his duties. Mr. Reisen took up his current post having headed the project group relating to the BundOnline 2005 Federal e-government initiative from 2002 and 2005. He is a physics graduate with a master's degree from Aachen University of Technology.
